Overview

Secure Lifetime Income (SLI)

SLI enables you to offer a guaranteed income producing asset for your clients within the 7IM SIPP.

The inclusion of SLI offers an additional means of improving the sustainability of your client's drawdown plan.

The online underwriting, quote and apply process makes it easy for you to incorporate an element of guaranteed income alongside your chosen investment strategies to produce a more sustainable, yet flexible, retirement income.

Who has SLI been designed for?

SLI is not suitable for those who are looking for a guaranteed income from their whole pension.

Providing your client with a guaranteed income in retirement

The SLI is an insurance contract provided by Just and sits as an asset within the 7IM SIPP. When purchased, SLI provides a guaranteed income which is payable for life.

Whilst the client lives, all income payments are 100% guaranteed by Just, with full FSCS backing in the unlikely event of Just defaulting. The SLI can only be purchased from crystallised cash and all income payments are made by Just into the 7IM SIPP on behalf of the individual member (i.e. your client).

Deciding how much SLI to include within a plan?

You can generate an SLI quote for your client directly from the 7IM Platform. This enables you to quickly and easily see the cost of guaranteeing a target level of income.

One of the ways in which SLI can be used to create a more sustainable plan, is to Legacy cover a shortfall in a client's Assets that the client non-discretionary spending would like to pass onto for essentials, such as their beneficiaries utilities and food. Discretionary Covers luxury items and gifts that the client may want to make Lifestyle Supports the client's expected standard of living, such as holidays and eating out that the client may not wish to compromise on Non-discretionary Reflects the bills that the client must pay and which they would find difficult/impossible to stop or reduce

SLI can also be used to increase a client's lifestyle and discretionary income as well as their legacy assets.

Flexible income options

Income payments from the SLI are paid to the trustees and held on behalf of the individual member (i.e. your client). You and your client can then choose what you do with the income.

SLI can therefore be used in conjunction with the benefits that Flexi-Access Drawdown (FAD) provides.

SLI payments out of the 7IM SIPP are treated as FAD payments, and therefore:

- will be combined with any other FAD payments the client may receive
- the client will receive just one payslip and p60.

Providing for dependants

The SLI provides a death benefit which starts at 75% of the initial SLI purchase amount, and then reduces by twice the monthly income amount. This will eventually reduce to zero. Please see an example below:

Guaranteed death benefit

Based on a 66-year-old client who buys £6,000 of annual income with £100,000. The initial death benefit start at £75,000. One of the key differences between SLI and an annuity is that the death benefit is paid to the SIPP trustees as a cash amount. This means the beneficiaries will have flexibility over how they take the death benefits in line with normal pension rules.

For more information on the death benefit, please visit https:// www.justadviser.com/ globalassets/justadviser/documents/sliadviser-guide.pdf

How to quote and apply

All quotes and applications are carried out on the SLI portal.

As described in the journey below, 7IM will navigate you to the SLI portal via the 7IM Platform.

For a more detailed overview of the quote and apply process, please take a look at our demo video on www.7im. co.uk/financial-adviser/ platform/investmentaccounts/sipp/securelifetime-income-help-centre or <u>click here</u>.

IMPORTANT

Eligibility criteria

Prior to creating a quote or application for an existing 7IM SIPP client, there are pre-requisites that need to be met:

- 1. We can only allow quotes to be carried out by FCA regulated financial planning firms
- 2. For a client-specific quote, the client must be a UK resident
- 3. The client is over 55
- 4. Prior to applying for a SLI, the client must have sufficient crystallised cash available within the 7IM SIPP D (dealing) portfolio that covers the SLI purchase amount.

Creating an SLI quote:

There are several different options for quoting for the SLI:

You can create quotes for clients who have a 7IM SIPP

- I. Allows ballpark estimates
- II. Allows accurate (personalised) quotes.

For this option you first need to select your client & select their SIPP.

- Select the SLI tab
- Click on 'Quote or Apply'.*

Summary	Manage Investments	Assets in Transfer	Charts	Asset Allocation	Initial Payments	SLI	
Secure	Lifetime Income	(SLI) Portal

Quote	or Apply						

OR

You can create quotes for clients that do not hold a 7IM SIPP

- I. Allows ballpark quotes
- II. Allows accurate (personalised) quotes.

For this option, you simply need to log onto the platform and from the landing page select:

- Tools
- Illustrations
- Secure Lifetime Income.

*This will only be enabled if eligibility criteria 1,2 and 3 have been met.

IMPORTANT:

Please note these quotes will not be saved once you navigate away from the SLI portal.

Select the type of quote:

Here is where you will decide if you wish to carry out a ballpark estimate or an accurate quote. Please note, if you have selected a client via the platform, then some of the client's details will be pre-populated for you.

Accurate Quote	Ball Park Estimate
Where you provide the full personal and health details of your prospective SLI customer to generate a valid quotation. You should ensure that all details provided are accurate; providing inaccurate information would invalidate any SLI contract arising from such a quote.	Using one of our pre-defined personas, you can quickly get a 'ball park' estimate of the guaranteed income that a client resembling that persona might achieve. These quotes are for guidance only and cannot be acted upon.
Complete the Personal and Health Questionnaire Obtain an SLI illustration for a client for whom you have full personal and medical details	Average Health, non-smoker
Send to client	Fit & Healthy (i)
If you don't have all your client's health details to hand you can use this option to send the questionnaire directly to the client for them to complete.	Average Health, smoker (i)

IMPORTANT:

Accurate quotes will only be saved and viewable where you have navigated to the SLI portal with a client pre-selected via the 7IM Platform.

Where you have not selected a client, then the quote cannot be saved or retrieved.

You will lose the information once you navigate away from the SLI portal.

IMPORTANT:

Ballpark estimates are a guide and therefore cannot be saved or retrieved.

You will lose the information once you navigate away from the SLI portal.

Producing a ballpark estimate

A ballpark estimate gives an indication of what a SLI can provide based on some pre-defined personas.

You simply click on the required persona and then select 'request quote'.

The next step is to select what basis you would like the quote to run on:

Quote for income

How much income does the SLI need to generate and therefore how much will the SLI purchase cost your client.

Quote from premium

How much is the client willing to purchase the SLI for, this basis will then show you how much income you can achieve.

Producing accurate quotes

There are a number of steps you have to go through once you have created an accurate quote.

Determine who captures the health questions

You have the option to start the process of capturing the client's personal and health questions.

OR –

You can ask your client to complete the health questionnaire. This will be sent to them to complete electronically and you will be notified if it has not been completed within 5 days, or when it does get completed.

Assuming you are capturing the information, then you will need to go through the following steps, otherwise they will be captured by the client and you will be notified once they have completed the steps.

Who completes: you or the client.

You can click on each tile to enter the relevant client information.

Capture medical conditions

Quote for income

How much income does the SLI need to generate and therefore how much will the SLI purchase cost your client.

Quote from premium

How much is the client willing to purchase the SLI for. This basis will then show you how much income you can achieve.

Once you have established this, select 'request quote'

The quote will then be displayed in a summary screen, with the additional documents as detailed above. The apply button will be enabled provided the eligibility criteria has been met.

Applying for an SLI

Prior to applying for an SLI plan, you need to ensure that the following criteria are met

- A valid quote exists within the guarantee period of 35 days since it was run
- The client is eligible or an SLI if they meet the following criteria
- They are a member of the 7IM SIPP
- They are aged 55 or over
- Have a UK address
- There is sufficient cash in crystallised assets held within the 7IM SIPP

You will then be asked to provide details of the client's doctor and confirm you are happy to proceed. Once you have done that, and you are satisfied with the adviser declaration, select 'Apply' and then you will be returned to the 7IM Platform landing page.

Tracking the status of the plan

Once the plan has been applied for, then the status of the application on the platform screens will be shown against the client. The status will initially be 'in progress' and will be changed to 'complete' once the SLI has been purchased with Just.
