Introduction

Its aims

Your 7IM Investment account, ISA or JISA aims to:

- Enable you and your family to invest and save in a tax-efficient way.
- Provide you with the control and flexibility you need to determine how you manage your money.
- Give you the potential for capital growth over the medium to long term (which we consider to be at least five years or more).
- Allow you to hold a wide range of investments made available through the 7IM Platform.
- Allow you to make one-off or regular contributions, transfer existing arrangements, and make one-off or regular withdrawals and take income.
- Provide the benefits of a flexible ISA (7IM Flexible ISA) allowing you greater control of your annual allowance, and tax-free income and capital gains.
- Give you a secure online, easy access and paper-free digital service.

Your commitment

- Read and ensure you understand the features, benefits and risks associated with the 7IM Investment account, ISA and Junior ISA.
- Always keep us updated with any change in circumstances – for example, if you move house or get married etc.
- Agree to be bound by the 7IM Terms and Conditions for the chosen investment service.
- Continue to use one of the 7IM Investment Services to invest the funds held within your 7IM Investment account, ISA and Junior ISA.
- Regularly review your investments, contributions and/or any withdrawals. If you have a Financial Adviser they will be able to help you with this.
- Invest for the long term.

Risks

Investment risks

- The value of any investments may go down as well as up. You could get back less than you originally invested.
- Each investment will have risks, therefore you need to ensure you have read the relevant Key Investor Information Document prior to investing to ensure you understand the specific risks associated with each underlying Investment.
- Cash holdings carry no explicit investment risk but there is risk that the real value of your investment could reduce due to the effect of inflation.
- The Pound (Sterling) value of investments denominated in any foreign currency may rise and fall as a result of fluctuating exchange rates.

Impact of charges

Any charges or deductions applied to your accounts will have an impact on the value of your investment. These charges may vary and you should be aware that any increase in charges would have an adverse impact on the value of your savings and investments.

For more information on 7IM's charges please read our 7IM fees and charges sheet, or ask your Financial Adviser for further information.

Impact of taxation

The value of your investments at 7IM could be affected by tax, our own interpretation of tax legislation and any changes made to it.

Levels of taxation and tax relief are dependent on your individual circumstances and may be subject to change. This may affect your investments and different investment products will have different tax treatments.

For more information on tax and the implications of tax on your investments, please speak with your Financial Adviser.

Effect of withdrawals

Choosing to make withdrawals could reduce the value of your investments over time, unless investment growth covers the cost of the amount taken out.

On receiving your notice of cancellation, we will return any money or investments that have been transferred to your Investment Account.

Cancellation does not affect your liability for fees and charges accrued and payable before cancellation, and up to the point of transferring your investments, or any third party charges incurred in transferring your investments.

If you exercise your right to cancel the Agreement, you may be liable to pay your Financial Adviser for advice or services received which led to you entering into the Agreement. You will need to discuss any such outstanding charges with your financial adviser and settle them directly.

A flexible ISA is an ISA where you are able to replace money you have withdrawn without the replacement counting towards your annual ISA allowance.

Q. Who can apply for a 7IM ISA and what do we require?

- Anyone over 18 can apply for a 7IM ISA. To open a 7IM ISA, we must receive a signed and completed application form from you. You must ensure that cash in cleared funds is transferred to the custodian bank (see our terms and conditions for details) or available in an existing portfolio for transfer to your 7IM ISA, for any amount up to the subscription allowance. Incomplete application forms may have to be returned to you.

Withdrawals

Q. What withdrawal options are available to me?

As the 7IM ISA is a flexible ISA, you can make flexible withdrawals up to the total amount of your ISA held as cash (including amounts paid in during previous years).

Any withdrawal will be taken from your current year's subscription first and then from subscriptions of previous years if the withdrawal(s) exceeds your current year's subscription.

- A. You can replace any withdrawals within the same tax year by paying the amount(s) as cash into the same ISA. We will assume that any cash payments into your ISA are made first to replace cash withdrawals.

Replacements will be firstly applied to replace withdrawals from subscriptions of previous years, and secondly to replace withdrawals from current year subscriptions. This means that cash payments into your ISA will only count towards your annual allowance if it exceeds amounts previously withdrawn in the same tax year.

Cancellation

Q. Can I change my mind?

You may cancel an ISA within 14 days of entering into an agreement for our services in respect of the ISA. During this 14 day cancellation period, HMRC will treat the position as if no subscription to an ISA had been made in the first place and your right to subscribe to an alternative ISA offered by us or another ISA provider within the same tax year will be unaffected.

Cancellation does not mean that investment transactions carried out prior to cancellation are themselves cancelled. If an investment transaction has been carried out and the value of the investment has fallen, you will bear the fall in value.

- A. Cancellation does not affect your liability for fees and charges accrued and payable before cancellation, and up to the point of transferring your investments, or any third party charges incurred in transferring your investments.

If you exercise your right to cancel the Agreement, you may be liable to pay your Financial Adviser for advice or services received which led to you entering into the Agreement. You will need to discuss any such outstanding charges with your financial adviser and settle them directly.
